_____ 2 Person room \$30.00 Each _____

Total _____

Hi everybody, sorry I'm getting the Trade-O-Ree information out a lot later than usual, we have had another large donation given to camp and we are in the process of expanding and upgrading the dining hall.

It's quite a big project and will most likely take until just before camp starts to get it done and that may be optimistic.

New freezer, cooler, all new windows and doors and more dining space.

We are going to have the show a short way down the road at Saint

Phillip Church Hall, 64 Pompey Hollow Rd. (RT 44) in Ashford.

It is not an ideal situation as those staying in camp over night will have to drive back to camp and then drive back to the show site the next morning although it is only a mile and a half each way. All meals will be served in the Church Hall.

The best thing of course is that we will have a much nicer and larger Hall for next year.

Harry Segestrom Jr.
